PAGE 3: HOW TO START / JOIN IT?

FOBIX operates on a strategic **Node Activation System**, designed to create **urgency**, prevent empty registrations, and **reward massive action**.

1 RED NODE (Inactive State)

The default state upon connecting a Web3 wallet. Users can view the dashboard but cannot earn any network rewards or staking yields.

2 YELLOW NODE (Reserve Position - \$5 USDT)

The Strategic Entry: For just \$5, users can secure their prime position in the binary tree and generate their referral link.

3 GREEN NODE (Full Activation - \$100 USDT Minimum)

The Wealth Generator: This is the ultimate tier. By activating the Green Node (starting at \$100), the user:

- ✓ Unlocks the ability to earn Direct and Binary commissions.
- ✓ Instantly receives an airdrop of FBX Tokens equivalent to their activation amount.
- ✓ Unlocks the ability to participate in the Yield Staking Protocol.

ROI & STAKE INCOME

DAY 7 TO 365

INCOME WILL BE PAID IN FBX TOKEN

The FOBIX Yield Protocol allows Green Node users to stake their FBX tokens and earn high returns based on a fixed lock-up period.

LOCK-UP PERIOD	ROI (%)	INCOME IN FBX TOKEN
7 DAYS	5%	IN FBX
20 DAYS	15%	IN FBX
30 DAYS	25%	IN FBX
45 DAYS	35%	IN FBX
90 DAYS	60%	IN FBX
180 DAYS	150%	IN FBX
250 DAYS	200%	IN FBX
365 DAYS	300%	IN FBX

HOW IT WORKS

- Stake your FBX tokens in the Green Node (Yield Protocol).
- Choose your preferred lock-up period.
- The longer the period, the higher the ROI.
- All returns are distributed in FBX tokens automatically.

SECURE STAKING
Your assets are protected with smart contract security.

HIGHER LOCK-UP HIGHER RETURNS
Maximize your earnings with longer lock-up periods.

EARN PASSIVE INCOME
Generate consistent passive income in FBX tokens.

BUILT FOR LONG-TERM GROWTH
Designed for sustainable growth and community empowerment.

100% TRANSPARENT & DECENTRALIZED
Transparent system powered by blockchain technology.

DIRECT REFERRAL INCOME SYSTEM

EARN **12%** INSTANT + **8%** HOLD + **20%** FROM PAIR COMPLETION

SIMPLE. POWERFUL. TRANSPARENT.

ALL INCOME WILL BE PAID IN

USDT

DIRECT TO YOUR WALLET

CORE RULES – DIRECT INCOME

1 ADD ANY MEMBER (DIRECTLY)

12% INSTANT
Direct to Wallet (USDT)

8% HOLD
Held in Dashboard

2 PARENT PAIR COMPLETION

When the parent (upline) completes the opposite leg, upline gets:

20% From New Member

8% RELEASE
Of Previous Hold

3 HOLD RELEASE CONDITION

Hold (8%) will be released only when the opposite leg of the same parent is completed by the upline (directly).

INCOME TYPE

All income (12%, 8% hold release, 20%) will be paid in USDT direct to your wallet instantly.

SCENARIOS EXPLAINED

1 SCENARIO 1 X ADDS A (LEFT LEG)

X gets:

12% INSTANT

8% HOLD
(On A)

Hold (8%) on A will release to X only when X adds someone in right leg (B).

2 SCENARIO 2 X ADDS B (RIGHT LEG)

X gets:

20% From B

+ **8%** RELEASE
(Of A Hold)

As soon as X adds B (directly), X will get 20% of B and A hold (8%) will be released.

3 SCENARIO 3 X ADDS C UNDER A

X gets:

12% INSTANT
(Of C)

8% HOLD
(On C)

C ka 8% hold will remain with X until X adds someone in right leg (B) directly. (Adding under B does not release C hold).

4 SCENARIO 4 X ADDS SOMEONE (B1) UNDER B

X gets:

20% From B1

+ **8%** RELEASE
(Of C Hold)

When X adds someone directly under B, X will get 20% of that member and C hold (8%) will be released to X.

5 SCENARIO 5 B ADDS TWO DIRECT MEMBERS (X DOES NOT ADD ANYONE UNDER B)

X will get NO income.

C ka **8% HOLD** will not be released to X and it will expire and go to **COMPANY**.

Even if B adds two direct members under B, C hold (8%) will not release to X because X did not add anyone directly under B.

6 SCENARIO 6 A COMPLETES HIS PAIR (ADDS D) BUT X DOES NOT ADD ANYONE UNDER B

C ka 8% HOLD will NOT release to X. It will remain held until/if X adds someone directly under B.

Even if A completes his pair (adds D), C hold (8%) will NOT release to X. Only X adding someone directly under B can release C hold.

IMPORTANT POINTS

- ✓ C hold (8%) releases only when X adds someone directly under B (right leg).
- ✓ If B adds members under him, it does NOT affect C hold.
- ✓ If B adds two direct members and X doesn't add under B, C hold (8%) will expire and go to COMPANYY.
- ✓ If A completes his pair, it does NOT release C hold to X.
- ✓ Direct income has 3 parts:
12% Instant (On Every Direct Add)
8% Hold (Release on Condition)
20% From Pair Completion

THIS IS DIRECT REFERRAL INCOME ONLY. BINARY MATCH INCOME (5%) IS EXPLAINED IN NEXT PAGE.

BINARY MATCHING INCOME (5%)

EARN 5% ON EVERY MATCH (LEFT SIDE = RIGHT SIDE)

ALL INCOME WILL BE PAID IN

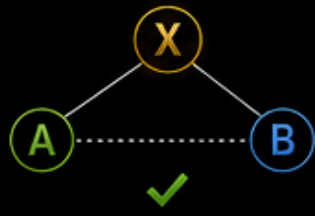

USDT

DIRECT TO YOUR WALLET

THIS IS NON-WORKING INCOME

HOW BINARY MATCHING WORKS

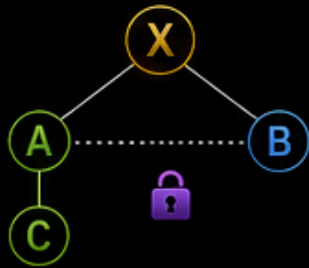

1 BASIC MATCH FOR X
X ADDS A (LEFT) AND B (RIGHT)

A = 1 ID, B = 1 ID
1st Match for X is complete.
X gets 5% Binary Matching.

X Earnings: 5%
(1st Match)

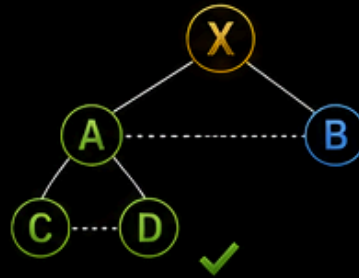

2 A ADDS C (LEFT SIDE)

A = 2 IDs, B = 1 ID
No match for A or X.
5% is on **HOLD** for A until A adds someone on right side (D).

A Hold: 5%

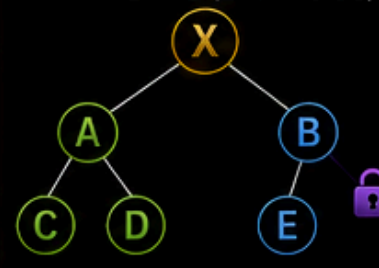

3 A ADDS D (RIGHT SIDE)

A = 2 IDs, B = 1 ID
1st Match for A is complete.
A gets 5% Binary Matching. (Hold Released)

A Earnings: 5%
(1st Match)

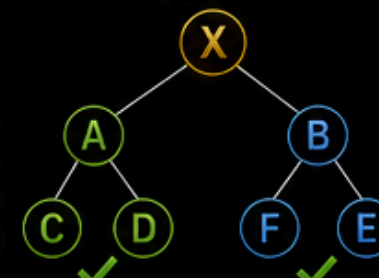

4 X (OR ANYONE) ADDS E UNDER B (RIGHT SIDE)

A = 2 IDs, B = 1 ID
1st Match for X is complete.
X already earned 5%.
5% is on **HOLD** for B until B adds someone on left side (F).

B Hold: 5%

5 B ADDS F (LEFT SIDE) UNDER B

A = 2 IDs, B = 2 IDs
2nd Match for X is complete.
X gets another 5%.
1st Match for B is complete.
B gets 5% (Hold Released).

X Total Earnings: 10%
(2 Matches)
B Earnings: 5%
(1st Match)

IMPORTANT NOTES

- ✓ X earns only when the total IDs under A = total IDs under B. One match = 5% income.
- ✓ A earns only when total IDs under C = total IDs under D.
- ✓ B earns only when total IDs under F = total IDs under E.
- ✓ Same rule applies to every ID at every level.
- ✓ Income is non-working.
- ✓ Hold is created when one side has more IDs. It is released only when the opposite side balances.

You can place IDs only under LEFT or RIGHT. Left leg IDs can be placed only under LEFT side members. Right leg IDs can be placed only under RIGHT side members.

KEY RULES

- ✓ Binary matching is based on total number of IDs under LEFT and RIGHT legs.
- ✓ When LEFT count = RIGHT count, one match is completed and 5% is earned.
- ✓ If one side has more IDs, 5% is held for that side until opposite side balances.
- ✓ 5% is released only when a pair is completed.
- ✓ This is **NON-WORKING INCOME**.
- ✓ This rule applies to every ID at every level.

EXAMPLE FLOW FOR X

A (Left IDs)	B (Right IDs)	Match for X	X Income
A = 1 (A)	B = 1 (B)	1st Match	5%
A = 2 (C,D)	B = 1 (E)	No New Match	0% (B Hold)
A = 2 (C,D)	B = 2 (F,E)	2nd Match	5%
A = 3	B = 2	No New Match	0% (Hold)
A = 3	B = 3	3rd Match	5%

DAILY CAPPING RULE

Binary Matching Income (Total) has a daily cap based on your Active ID.

ACTIVE IDs	DAILY INCOME LIMIT (24H)
1 ID	Up to 1 Pair (5%)
2 IDs	Up to 2 Pairs (10%)
3 IDs	Up to 3 Pairs (15%)
10 IDs	Up to 10 Pairs (50%)
N IDs	Up to N Pairs (5% x N)

Extra matches (above the daily limit) will be carried forward to next 24H.

TOP UP RULE

- To increase your Active IDs (and daily capping limit), you need to **TOP UP**.

TOP UP MULTIPLE: 100 ONLY

FAST-TRACK UPGRADE RULE

You are not required to claim every level sequentially.

If you skip M1 and M2 and directly achieve M3 target within its qualifying period, you will receive the M3 reward directly (\$500).

The system automatically recognizes the highest qualified level.

CLAIM & PROGRESSION RULE

- Once a Matching Reward is claimed:
 - The matched volume counter resets to ZERO.
 - The timer restarts for the next reward level.
 - Previously claimed levels cannot be claimed again.

ONE-TIME ACHIEVEMENT PRINCIPLE

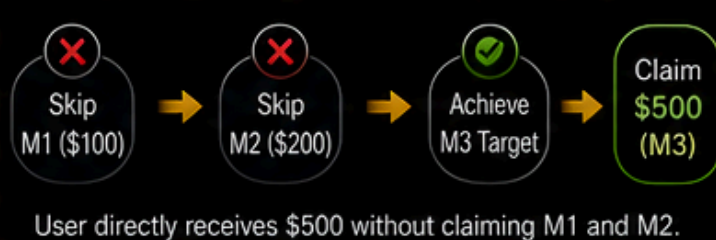

- Each reward level can be achieved only once. After claiming a level:
 - That level is permanently closed.
 - Only higher levels remain available.

ROLLOVER OPTION (ACCUMULATION)

- If you choose not to claim a qualified reward:
- Volume continues accumulating.
 - You may target a higher reward level.
 - Existing matched volume carries forward toward the next milestone.

EXAMPLE SCENARIO 1: SKIP & UPGRADE

EXAMPLE SCENARIO 2: CLAIM & RESET

IMPORTANT NOTES

Matching is counted only from DIRECT REFERRALS.

Left and Right volume must be EQUAL to create a match.

Time starts from the moment you activate your ID or after last claim.

All Rewards are paid in USDT directly to your wallet.

This is NON-WORKING INCOME and does not impact any other income or reward.
